ABOUT OASIS

OASIS Medical, Inc., is dedicated to equipping eye care providers with cost-effective solutions to improve patient management and practice growth. OASIS supplies high-quality surgical and dry eye products to eye care professionals that provide solutions to chronic conditions and make a meaningful difference in patients' quality of life.

A company founded on exceptional standards

Founded in 1987 by Norman Delgado and headquartered near Los Angeles, OASIS Medical, Inc. is a specialty manufacturer of eye care products and surgical supplies, instruments, and disposables. For 25 years, OASIS has been manufacturing a broad range of products for use in cataract, refractive, dry eye, and retinal disease for domestic and international sale.

An expanding portfolio

The founding vision of OASIS was to ensure that the company continually addresses the changing needs of surgeons, clinicians, and patients. OASIS offers a portfolio of exceptional products, while also improving the way in which products are packaged, delivered, or sold. The original product portfolio of OASIS comprised single-use surgical items. Since then, we have expanded to offer a wide range of more than 300 ophthalmic and optometric accessories, supplies and instruments.

Looking forward

OASIS efficiently delivers solution-focused products to eye care practices. OASIS will continue to provide innovative, differentiated products for eye care providers and consumers.

OUR CORPORATE MESSAGE

Our Philosophy

OASIS is a continuous improvement company deeply committed to truth in its business approach, relationships, and products based on a foundation of accountability. We welcome feedback from customers and our team to evolve as a proactive company.

Our Investment

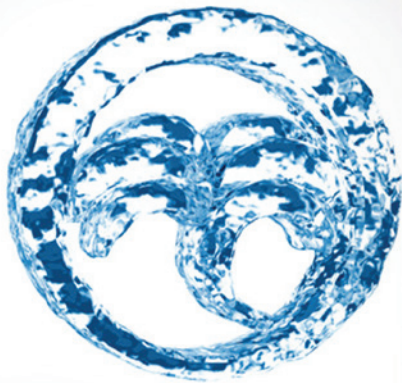

OASIS invests in the long term through our strategic partnerships with eye care providers. This investment helps the doctor improve the quality of the patient's eye care experience. As consultants we are willing to invest time and equip the doctor with how our approach can assist their practice. This strategy allows OASIS to thrive by being relevant through focusing on the patient care experience and efficiency of the individual practice.

Our Solution Based Products

Our values of integrity and quality guide our commitment to solution-based products that enhance patient care. From the beginning, OASIS has been a practice-based company focused on building dry eye and surgical practices through the various tools we offer.

Our Approach

OASIS is committed to offering informed, relevant solutions based on truth. To do this, we listen first and ask questions to understand the issues. Our professionalism is demonstrated by our ability to think differently. We lead with a consultative approach that is flexible and seeks to add value. It looks to address issues rather than only sell a product. It is strategic rather than tactical. Our goal is to create a partnership between OASIS and doctors so that both parties win.

DRY EYE PRODUCTS

The OASIS Dry Eye product line contains punctum and intracanalicular plugs, instruments, diagnostics, and consumer products.

EXTRA INFORMATION

Patient Education

OASIS offers patient-friendly educational materials about common ocular conditions, disease, and our products. In support of eye care practices, we offer patient education aids, instructions for using OASIS products, patient consent forms, publications regarding OASIS products, and information about reimbursement. Our goal is to assist eye care providers in improving patient outcomes and augmenting practice growth.

EXTRA INFORMATION

OASIS is diligent in offering high quality, cost-effective products that can improve surgical efficiencies, ensuring high standards of safety, performance and compliance.

FORM FIT®

INTRACANALICULAR PLUGS

ONE SIZE. ONE SOLUTION.

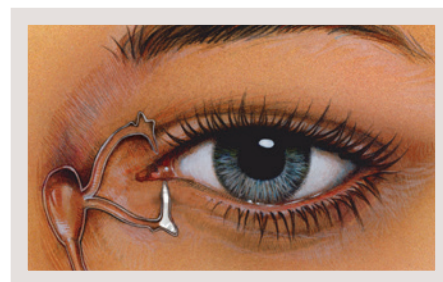

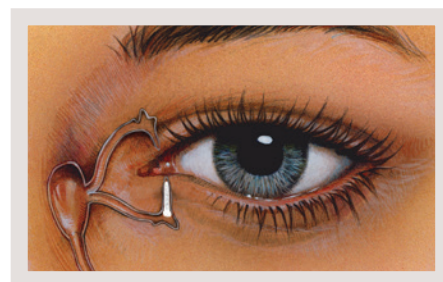

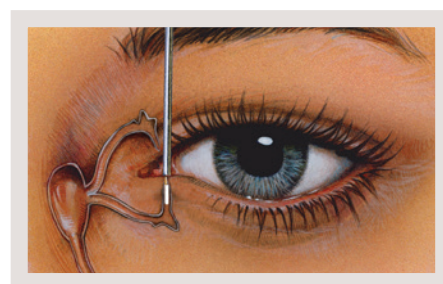

Form Fit is truly a one size plug solution. Once inserted into the canaliculus, Form Fit hydrates over a 10 minute period. As it hydrates, Form Fit increases in size until it completely fills the vertical canalicular cavity.

HOW IT WORKS

Form Fit is made of a hydrogel material that expands into a soft, pliable, gelatinous material when it contacts tear film. It takes approximately 10 minutes for the plug to become completely hydrated. Form Fit securely conforms to the punctal cavity so there is no need for a cap or anchor system on the end of the plug. This greatly increases patient comfort and decreases foreign body sensation. Form Fit does not begin to swell until it makes contact with tear film reducing the potential for product waste. Form Fit is made from a hydrogel material that is safe and biocompatible.

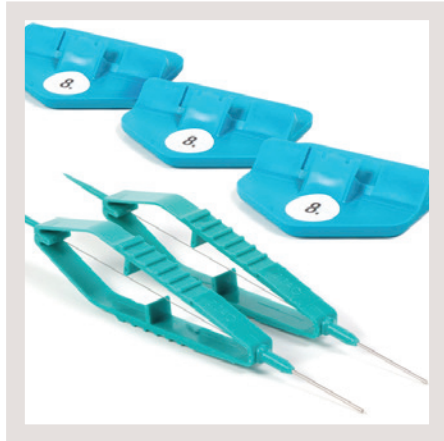

PRODUCT FEATURES

- Hydrates over a period of 10 minutes
- Requires no special storage
- Easily removed via irrigation of the tear duct
- Biocompatible, no foreign body sensation
- Conveniently pre-loaded on inserter
- 0.3mm, one size fits all

FORM FIT Intracanalicular Plug 2pk	One size	6303-T

SOFT PLUG® SILICONE PUNCTUM PLUGS

The distinctive low-profile cap combined with a softer, more flexible silicone maximizes patient comfort. The inserter provides greater control and eliminates accidental release of the plug. Soft Plug silicone plugs are removable.

Available preloaded in 2-pack and 6-pack dispenser box or non-loaded Economy Pack.

OASIS IRIS EXPANDER

EXPAND YOUR VIEW. SUSTAIN YOUR ACCESS.

The OASIS Iris Expander is a 7mm diameter polypropylene ring that expands the iris and maintains access and visibility throughout the surgical procedure.

The disposable device is indicated in cases where Miosis and Intraoperative Floppy Iris Syndrome are present.

Each OASIS Iris Expander is easy to insert and remove and gentle to fragile iris tissue. Each OASIS Iris Expander is packaged sterile with its own easily loaded disposable injector.

PRODUCT FEATURES

- 7mm diameter
- Contains ring and disposable injector
- Polypropylene material
- Sterile
- Single use
- Easy to insert and remove

25g (0.50) x 7/8" (22mm) 6mm bend	4001A
27g (0.40) x 7/8" (22mm) 6mm bend	4002

CURVED CANNULA

Sterile, 10 per box.

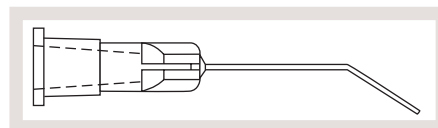

Description	Ref #
25g (0.50) x 1-1/8" (29mm)	4003

ANTERIOR CHAMBER WASHOUT CANNULA

Sterile, 10 per box.

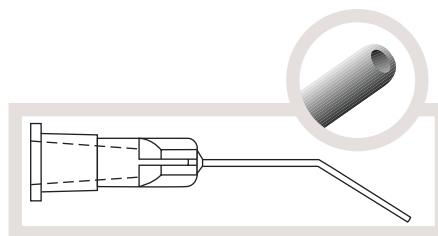

Description	Ref #
19g (1.10) x 1" (25mm) 8mm bend	4036

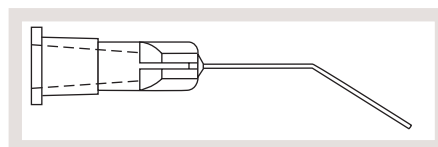

ANTERIOR CHAMBER/VISCOELASTIC CANNULA

Sterile, 10 per box.

Description	Ref #
23g (0.60) x 7/8" (22mm) 10mm bend	4001B
27g (0.40) x 7/8" (22mm) 11mm bend	4002A

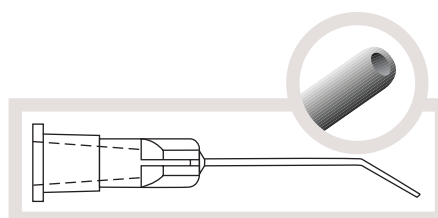

Description	Ref #
23g (0.60) x 7/8" (22mm) 8mm bend, Thin Wall	4001CTW
27g (0.40) x 7/8" (22mm) 8mm bend	4002B

VISCOELASTIC CANNULA

Sterile, 10 per box.

Description	Ref #
27g (0.40) x 7/8" (22mm) 9mm bend, 45° Angle	4002L

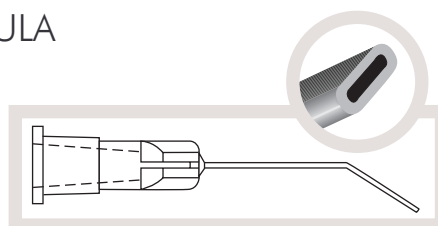

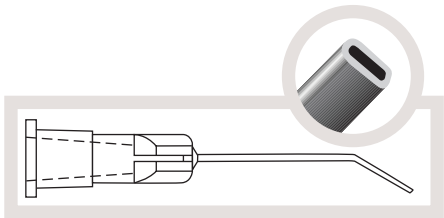

HYDRODISSECTION

HORIZONTAL-FLOW HYDRODISSECTION CANNULA

Sterile, 10 per box.

Description	Ref #
25g (0.50) x 7/8" (22mm) 8mm bend, Flattened tip	4036A
27g (0.40) x 7/8" (22mm) 8mm bend, Flattened tip	4036B

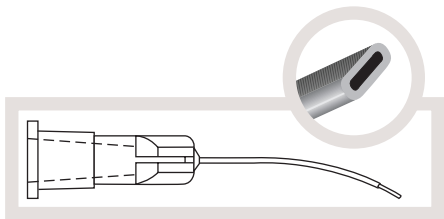

VERTICAL-FLOW HYDRODISSECTION CANNULA

Sterile, 10 per box.

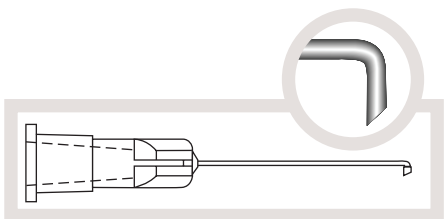

Description	Ref #
25g (0.50) x 7/8" (22mm) 4mm bend, Flattened tip	4036C
27g (0.40) x 7/8" (22mm) 4mm bend, Flattened tip	4036D

HELSINKI HYDRODISSECTION CANNULA

Sterile, 10 per box. Curved with flattened tip. (Horizontal Flow)

Description	Ref #
25g (0.50) x 7/8" (22mm)	4036F
27g (0.40) x 7/8" (22mm)	4036G

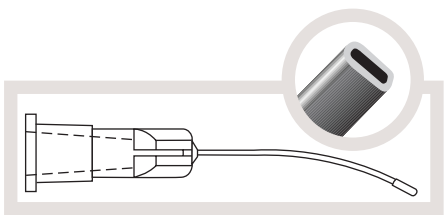

CHANG HYDRODISSECTION CANNULA

Sterile, 10 per box.

90° angled flattened tip provides a broad stream of fluid.

The point of the beveled tip is used to engage and rotate the nucleus to ensure complete separation.

Description	Ref #
27g (0.40) x 3/4" (19mm) 1mm bend	4036J

SAUTER HYDRODISSECTION CANNULA

Sterile, 10 per box. Curved with flattened tip (Vertical Flow)

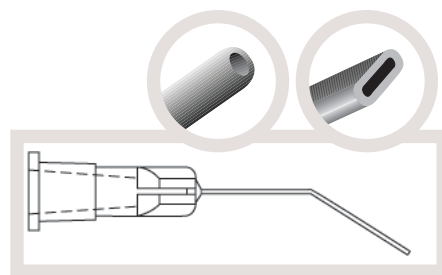

Description	Ref #
25g (0.50) x 7/8" (22mm)	4036M
27g (0.40) x 7/8" (22mm)	4036N

CORTICAL CLEAVING HYDRODISSECTOR

Sterile, 10 per box.

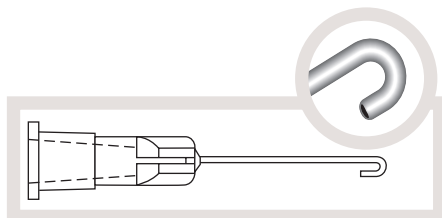

Description	Ref #
27g (0.40) x 7/8" (22mm) 11mm bend, flat end	4036Q
27g (0.40) x 7/8" (22mm) 11mm bend, round end	4036P

U-SHAPED HYDRODISSECTION CANNULA

Sterile, 10 per box.

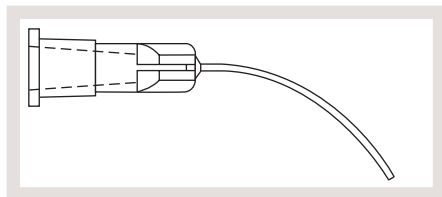

Description	Ref #
25g (0.50) x 7/8" (22mm) 2.5mm length x 2.0mm wide hook	4016AH

KELLAN HYDRODISSECTION CANNULA

Sterile, 10 per box. Curved, 20mm radius. Flattened 3mm from end.

Description	Ref #
25g (0.50) x 7/8" (22mm)	4068

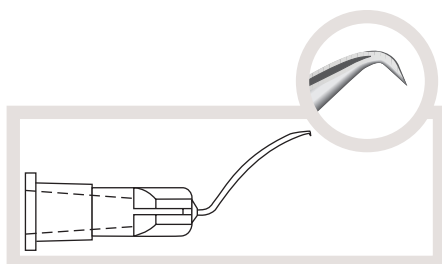

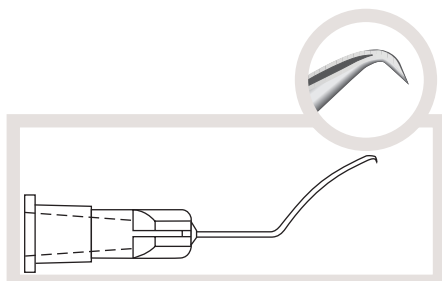

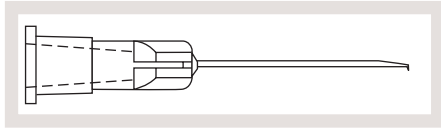

CAPSULOTOMY

FORMED IRRIGATING CYSTOTOME

Sterile, 10 per box.

Description	Ref #
25g (0.50) x 7/8" (22mm)	4017
27g (0.40) x 7/8" (22mm)	4017B
25g (0.50) x 5/8" (16mm)	4017G
27g (0.40) x 5/8" (16mm)	4017IO
30g (0.30) x 5/8" (16mm)	4017I
25g (0.50) x 5/8" (16mm) Radius of curvature 1/2"	4017IE

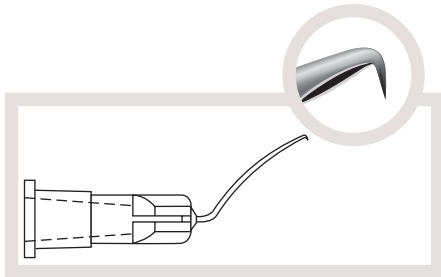

STRAIGHT IRRIGATING CYSTOTOME

Sterile, 10 per box.

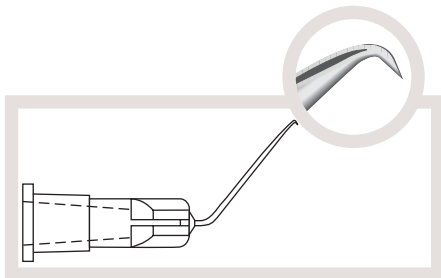

Description	Ref #
25g (0.50) x 7/8" (22mm)	4017A
27g (0.40) x 5/8" (16mm)	4017IS

REVERSE FORMED IRRIGATING CYSTOTOME

Sterile, 10 per box.

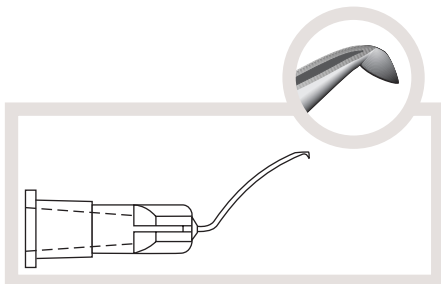

Description	Ref #
25g (0.50) x 5/8" (16mm)	4017L

ANGLED IRRIGATING CYSTOTOME

Sterile, 10 per box.

Description	Ref #
25g (0.50) x 5/8" (16mm) 12mm bend	4017M
27g (0.40) x 5/8" (16mm) 12mm bend	4017N

CAPSULORHEXIS CYSTOTOME

Sterile, 10 per box. Formed.

Designed with cutting edge from front to back (push-pull) for circular tear capsulotomies. Tip is angled 90° and then rotated 90°.

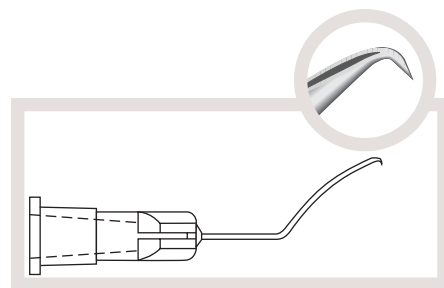

Description	Ref #
25g (0.40) x 5/8" (16mm)	4017S
27g (0.40) x 5/8" (16mm)	4017R

F-SL CURVE IRRIGATING CYSTOTOME

Sterile, 10 per box.

Description	Ref #
25g (0.40) x 5/8" (16mm) 19mm radius	4017Z

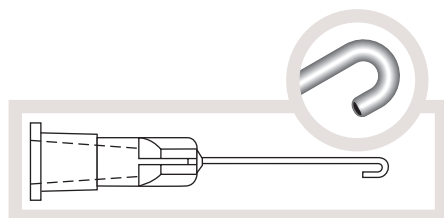

CORTEX EXTRACTORS

U-SHAPED CORTEX EXTRACTOR

Sterile, 10 per box.

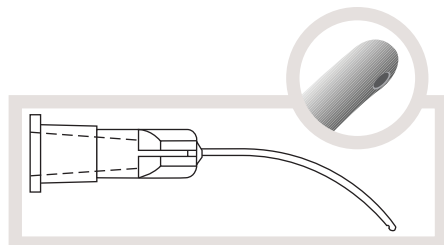

Description	Ref #
21g (0.80) x 7/8" (22mm) 2.0mm L x 2.25mm W hook	4016
23g (0.60) x 7/8" (22mm) 2.0mm L x 2.25mm W hook	4016F
27g (0.40) x 7/8" (22mm) 2.5mm L x 2.0mm W hook	4016B

SIMCOE CORTEX EXTRACTOR

Sterile, 10 per box. Curved, 0.3mm top port

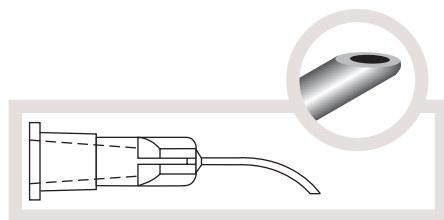

Description	Ref #
23g (0.60) x 1/2" (13mm)	4008

CHARLEUX CORTEX EXTRACTOR

Sterile, 10 per box. Curved, 10mm radius, 45° tip

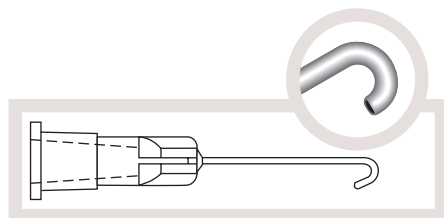

Description	Ref #
23g (0.60) x 1/2" (13mm)	4026

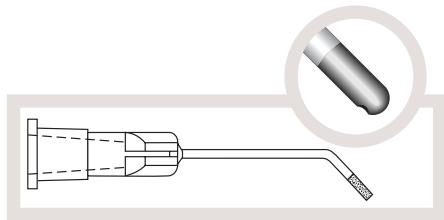

MICRO J-SHAPED CORTEX EXTRACTOR

Sterile, 10 per box. 1.5mm length x 1.75mm width hook.

Description	Ref #
25g (0.50) x 7/8" (22mm)	4016G

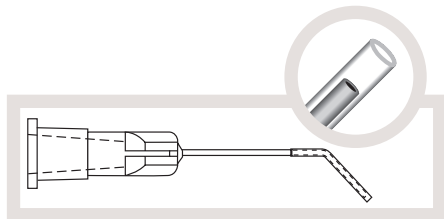

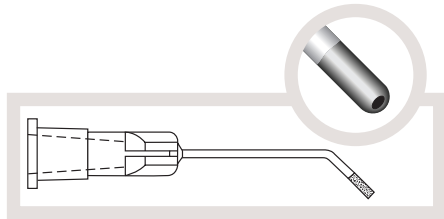

CAPSULE POLISHERS

KRATZ CAPSULE POLISHER

Sterile, 10 per box. Roughened tip.

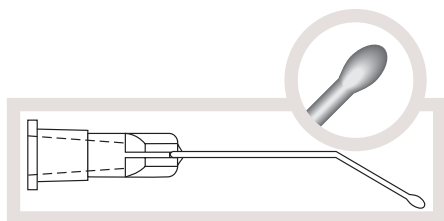

Description	Ref #
21g (0.80) x 7/8" (22mm) 9mm bend, 0.3mm top port	4027
23g (0.60) x 7/8" (22mm) 9mm bend, 0.3mm top port	4027A
21g (0.60) x 7/8" (22mm) 6mm bend, open end	4027B

TERRY CAPSULE POLISHER

Sterile, 10 per box. 10mm silicone sleeve.

Description	Ref #
23g (0.60) x 7/8" (22mm) 7mm bend	4028B
27g (0.40) x 7/8" (22mm) 6mm bend	4028

OLIVE-TIP ANGLED CAPSULE POLISHER

Sterile, 10 per box. 2mm olive tip.

Description	Ref #
25g (0.50) x 1" (25mm) 10mm bend	4027E

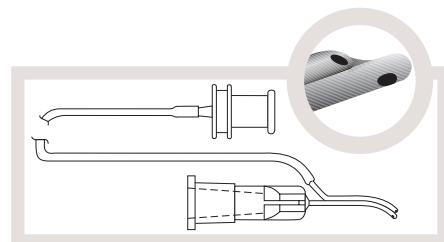

IRRIGATING & ASPIRATING CANNULAS

SOFT SHIELD® COLLAGEN CORNEAL SHIELD

- Widest range of dissolution rates available
- Thin, purified collagen
- 14.5mm diameter shield
- Accurate and consistent dissolution times

Provides ocular comfort, protection and lubrication following surgery, traumatic or non-traumatic corneal conditions.

Product Name	Duration	Ref #
SOFT SHIELD Quick Shield Collagen Corneal Shield	Less than 12 hours	7002
SOFT SHIELD Collagen Corneal Shield	12 hours non-patched, 24 hours patched	7012
SOFT SHIELD Collagen Corneal Shield	24 hours non-patched, 72 hours patched	7024
SOFT SHIELD Collagen Corneal Shield	72 hours non-patched	7072

**THIS PRODUCT IS NOT SOLD IN ALL COUNTRIES.
PLEASE CONTACT OASIS FOR MORE INFORMATION.**

VISCO SHIELD® VISCOELASTIC

Dispenser box, 6 syringes per box ■

2ml syringe with 23g x 7/8" thin wall cannula ■

HPMC (hydroxypropyl methylcellulose) ■

Stores at room temperature ■

VISCO SHIELD is a dispersive HPMC viscoelastic composed of a sterile, high molecular weight, hydroxypropyl methylcellulose solution for use in anterior segment surgical procedures including cataract extraction and intraocular lens implantation.

Product Name	Description	Ref #
VISCO SHIELD® Viscoelastic	20,000 cps	5122
VISCO SHIELD® Viscoelastic	8,000 cps	51082

**THIS PRODUCT IS NOT SOLD IN ALL COUNTRIES.

VISCO SHIELD® TOPICAL

6 per box ■

1.5ml filled syringe with 23g x 7/8" thin wall cannula ■

HPMC (hydroxypropyl methylcellulose) ■

Preservative-free, stores at room temperature ■

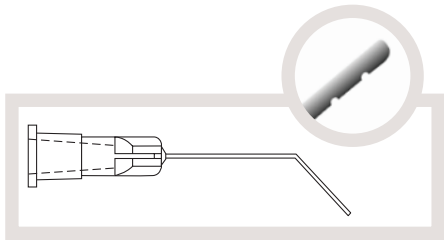

Designed for topical use to hydrate and protect the outer surface of the eye, Visco Shield Topical is preservative-free and designed to keep the cornea hydrated for up to 20 minutes. Visco Shield Topical adheres to the cornea and forms a thin, optically neutral clear film.

Product Name	Description	Ref #
VISCO SHIELD Topical	8,000 cps	5200

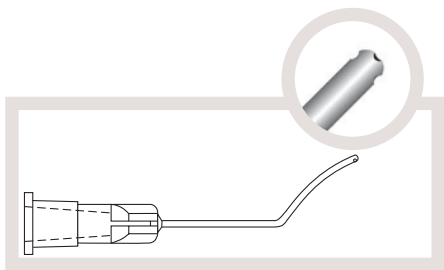

LASIK CANNULAS

LIN LASIK CANNULA

Sterile, 10 per box.

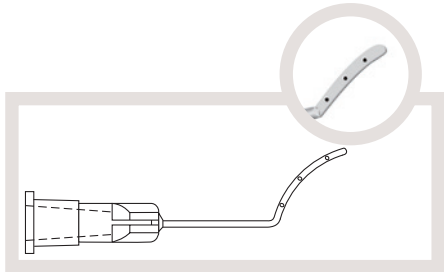

Description	Ref #
25g x 7/8", 9mm flattened angle, two 0.3mm ports	4036L

BURATTO LASIK CANNULA

Sterile, 10 per box.

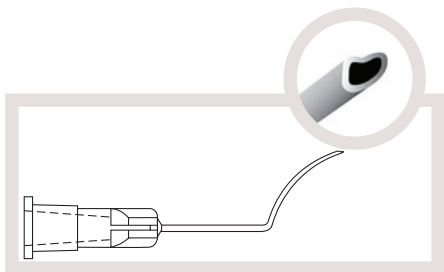

Description	Ref #
25g, 11mm angle, one front and two side ports	4036LB

LINDSTROM CANNULA

Sterile, 10 per box.

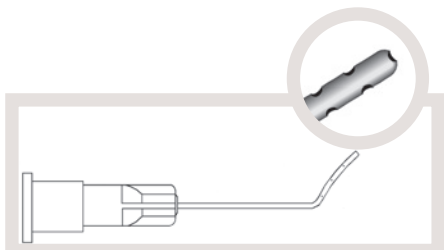

Description	Ref #
25g, 45° angle, 5/8" radius, three 0.3mm ports	4036LR

SLADE LASIK IRRIGATOR

Sterile, 10 per box.

Description	Ref #
26g x 1", 9mm formed extension with spatulated tip	4036LS

LASIK OPEN END CANNULA

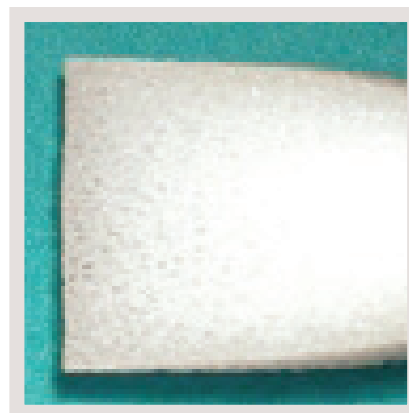

Sterile, 10 per box.

Description	Ref #
25g x 7/8", Formed 7mm from Open End Six 0.15mm side ports at 2mm, 4mm & 6mm from end	4225

SOFT CELL® PVA FOAM

Fiber free	■
Highly absorbent	■
Fast wicking	■
Enhanced fluid capacity	■

Description

Ref

High density spears designed specifically for LASIK. Fiber-free, Fast Wicking.

0525

SOFT CELL
SURGICAL SPEARS

Sterile, 150 per box

Description

Ref

Designed for use in delicate surgical procedures

0529

SOFT CELL
WIPE + WICK

1 sterile Wipe + Wick per package,
20 packages per box.

Description

SOFT CELL LASIK SHIELD

Description	Ref #
(Chayet) 10mm internal diameter	0522-5
(Chayet/Katzen) 11.5mm internal diameter. Allows visualization of axis marks at 3:00/9:00 for torsional registration. Reduces tear film debris in the interface. Reduces reflux pooling at the hinge during ablation.	0523-5

SOFT CELL LASIK EYE DRAIN

Sterile, 20 per box

COLVARD PUPILLOMETER

Accurately measure scotopic pupil size and corneal diameter of cataract and refractive candidates prior to surgery.

Utilizes light amplification technology to allow visualization of the patient's pupils in a darkened exam room. Includes storage case, lithium battery and instruction manual.

Product Name	Description	Ref #
Colvard Pupilometer	Light weight, hand held, battery operated instrument.	0401A

DISC FLUID FILTER

Filters out particulate and biological contaminate matter larger than 0.22 μ .

Bidirectional filter: female luer lock and male luer slip with screw-in lock to secure cannula in place.

For use between syringe and needle.

Product Name	Description	Ref #
Disc Fluid Filter	50 per box	0601

OASIS EYE CAUTERY

Fine tip ■

Battery operated ■

Low temperature ■

Range: 1100°F $\pm$ 50°F ■

Product Name	Description	Ref #
OASIS Eye Cautery	10 per box	3501-A

IRIS RETRACTORS

- 6 pouches containing 5 hooks each per box
- To temporarily stretch and retain the iris during surgery
- Flexible blue polypropylene hooks for better visibility
- Flat silicone stopper adjusts easily to secure the hook

INTERNATIONAL DISTRIBUTION

Customers outside the USA, please order from the OASIS distributor in your country.

For more information regarding your distributor, please e-mail: international@oasismedical.com

If you are interested in becoming an OASIS distributor, please contact the International Department: international@oasismedical.com

OASIS currently has distributors in most countries worldwide:

Algeria	Croatia	Hungary	Netherlands	Slovakia
Argentina	Cyprus	Iceland	New Zealand	Slovenia
Australia	Czech Republic	India	Norway	South Africa
Austria	Denmark	Indonesia	Pakistan	Spain
Belgium	Dominican Republic	Israel	Peru	Sweden
Bolivia	Ecuador	Italy	Philippines	Switzerland
Brazil	Egypt	Japan	Poland	Taiwan
Bulgaria	El Salvador	Jordan	Portugal	Thailand
Canada	Finland	Korea	Puerto Rico	Turkey
Caribbean	France	Kuwait	Romania	UAE
Chile	Germany	Lebanon	Russia	Ukraine
China	Greece	Lithuania	Saudi Arabia	United Kingdom
Colombia	Guatemala	Malaysia	Serbia	Venezuela
Costa Rica	Hong Kong	Mexico	Singapore	Vietnam

Donawa Lifescience Consulting Srl

Piazza Albania 10

00153 Rome, Italy

SHIPPING POLICY

International orders are normally shipped via FedEx to include shipping charges. If a preferred carrier other than FedEx is requested, the distributor will be asked to provide the contact details of the carrier and account number. Customers in countries outside the U.S. are charged separately for all VAT, duties, and brokerage fees. Next-day service to Puerto Rico is available but not guaranteed. We cannot be responsible for delays in transit.

In most situations, in-stock product orders received before 2pm PST (UTC/GMT -8 hours) Monday-Friday, excluding holidays, will ship on the next business day. Exceptions are when backorders occur or when customers are on a prepayment basis. Prepayment orders will ship once payment is received. International orders will receive a pro forma confirmation of product ordered on the following business day. The pro forma will include shipping charges. Once the order has shipped, tracking numbers will be sent via email.

If a distributor requests bundled shipment from various purchase orders, a five (5) day window will be placed on products withheld from inventory on any of those orders. New distributors may require an eight (8) week window on shipment of first orders.

TRADEMARKS AND COPYRIGHTS

Trademarks owned and/or registered to OASIS Medical, Inc. are:

OASIS®, SOFT PLUG®, SOFT SHIELD®, FORM FIT®, SOFT CELL®, VISCO SHIELD®, PREMIER EDGE®, PREMIER SHIELD®, Oasis TEARS®, Oasis TEARS® PLUS, Oasis TEARS® MULTIDOSE

STERILIZATION METHOD

Products are sterilized by ethylene oxide, gamma radiation, electron beam, or moist heat according to EN 556 (European) guidelines and ANSI/AAMI/ISO 11135, 11137 or 17665 standards for medical device sterilization as applicable, to a sterility assurance level (SAL) of 10^{-6} .

PRODUCT LABELING

OASIS uses internationally recognized symbols on its product labeling.

Product name and description — **SOFT CELL®**
PVA FOAM SURGICAL SPEAR
LANCETTE CHIRURGICALE OPHTHALMIQUE EN MOUSSE PVA
CHIRURGISCHER SPEER AUS PVA-SCHAUMSTOFF
HEMOSTETA QUIRÚRGICA DE ESPUMA PVA
MICROSPUGNETTE TRIANGOLARI AD ALTO ASSORBIMENTO SU BASTONCINO

European Union CE Mark and notified body ID number — **CE 0297**

Method of Sterilization:
R = gamma or e-beam radiation
EO = ethylene oxide
 = steam or dry heat

Do not reuse — **SINGLE USE**

Label part number and country of origin — **P627 7/98 MADE IN USA**

Reference Catalog # — **REF [Part No.] 0525**

Lot or batch code — **LOT F0698C**

Use by — **2001-07**

Expiration Date - year/month — **514 SO. VERMONT AVE. GLENDORA, CA 91741**

SN: Serial Number — **Quantity: 10 spears**

Attention, see instructions for use — **Do not use if package is opened or damaged.**
